Ma’Ayn Johnson, Housing and Land Use Planner, SCAG, gave a PowerPoint presentation of an Overview of the Regional Housing Needs Assessment (RHNA). She said the overarching theme is that there has been a cumulative deficit of housing in southern California. The purpose of RHNA, she said, is to address the issue of housing supply not keeping up with population growth. She outlined the RHNA methodology, saying that a jurisdiction’s RHNA allocation is based on projected household growth plus the healthy market vacancy need plus the housing replacement need minus any excess vacancy credit. She then explained that a 110% social equity adjustment is applied using a county’s median income. She said the local participation process is beginning, with the latest adoption date for this sixth cycle of RHNA being October 2020.

Kimberly Clark, Regional Planner, SCAG, gave a PowerPoint presentation on the Local Input and Envisioning Process for the 2020 Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS). Yvette Kirrin presented a report from the SR-91/I-605/I-405 Corridor Cities Committee. She reviewed the list of cities that had not yet submitted their SB 1 projects to the California Transportation Commission. It was moved by Member Dunton, seconded by Member Davila, to receive and file the committee reports. The motion was approved unanimously.

Yvette Kirrin presented a report from the I-5 Consortium Cities JPA. She reported that a feasibility study has been initiated for I-5 north from I-605 to I-710 as a hybrid public/private partnership project.
