AQAP Participation Framework

AQAP Project Goals

Develop a consensus-built AQAP that receives approval through the participation process

Today's Goals

Review range of air quality improvement strategies

Review I-710 construction staging concept and gain an understanding of how it relates to the I-710 EIR/EIS and the AQAP

Review I-710 HIA Goals, Overriding Parameters, Health Determinants, Pathways; Achieve consensus on Scope Components to recommend to the Advisory Roundtable

AQAP Participation Framework

AQAP Roundtables Approach:

Consensus Building Approach to Problem Solving

Engage in debate to help crystallize issues

Through informed understanding of what the choices are, help evaluate merits of each possible option, and search for answers that will be mutually advantageous

AQAP Participation Framework

AQAP Technical Working Groups

Advise and provide input on protocols, scope and analysis of health risks and air quality

Provide opportunity for in-depth analysis where necessary

Review & comment on technical and policy drafts

AQAP Participation Framework

AQAP Technical Working Groups

I-710 Health Impact Assessment (HIA)

- HIA will be performed to assess the improvements proposed in the I-710 Corridor Project, and to make recommendations to evaluate opportunities for improving health indicators related to Alternatives.

AQAP Participation Framework

AQAP Technical Working Groups

I-710 Health Impact Assessment (HIA)

TWG Participants

U.S. Environmental Protection Agency, Region IX
U.S. Department of Transportation, Maritime Administration (MARAD)
Southern California Association of Governments (SCAG)
South Coast Air Quality Management District (SCAQMD)
Los Angeles County Metropolitan Transportation Authority (Metro)
Los Angeles County, Dept. of Public Health
City of Vernon Health Department
Port of Long Beach (POLB)
Port of Los Angeles (POLA)
BP Lubricants USA

Meetings

☐ May 12th, May 26th, July 11th, August 15th, September 12th

AQAP Participation Framework

AQAP Technical Working Groups

Air Quality/Health Risk Assessment (HRA)

- evaluate the impacts to public health as a result of changes from proposed actions in the Air Quality Action Plan (AQAP) for the Gateway Cities subregion.

- provide additional information regarding which air quality improvement measures may yield the greatest reduction in health impacts.

- provide a catalog of potential benefits to the Gateway Cities communities that result from the suite of measures listed in the Compendium, the HRA report and other details that may be developed through the AQAP process.

AQAP Participation Framework

AQAP Technical Working Groups (TWG)

Air Quality/Health Risk Assessment (HRA) TWG

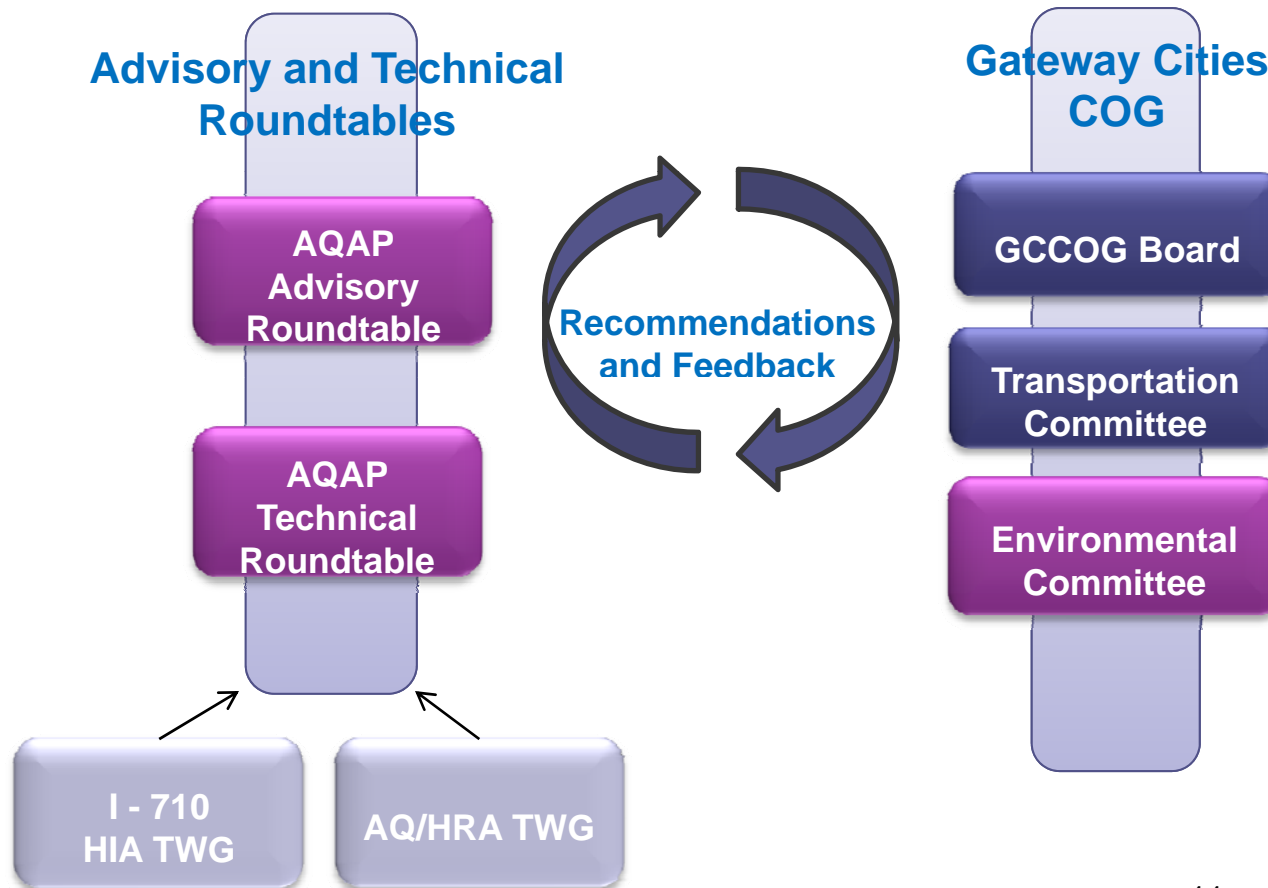

TWG Participants

- U.S. Environmental Protection Agency, Region IX
- U.S. Department of Transportation, Maritime Administration
- Office of Environmental Health Hazards Administration (OEHHA)
- California Air Resources Board (CARB)
- South Coast Air Quality Management District (SCAQMD)
- Los Angeles County Metropolitan Transportation Authority (Metro)
- City of Vernon Health Department
- Port of Long Beach (POLB)
- Port of Los Angeles (POLA)

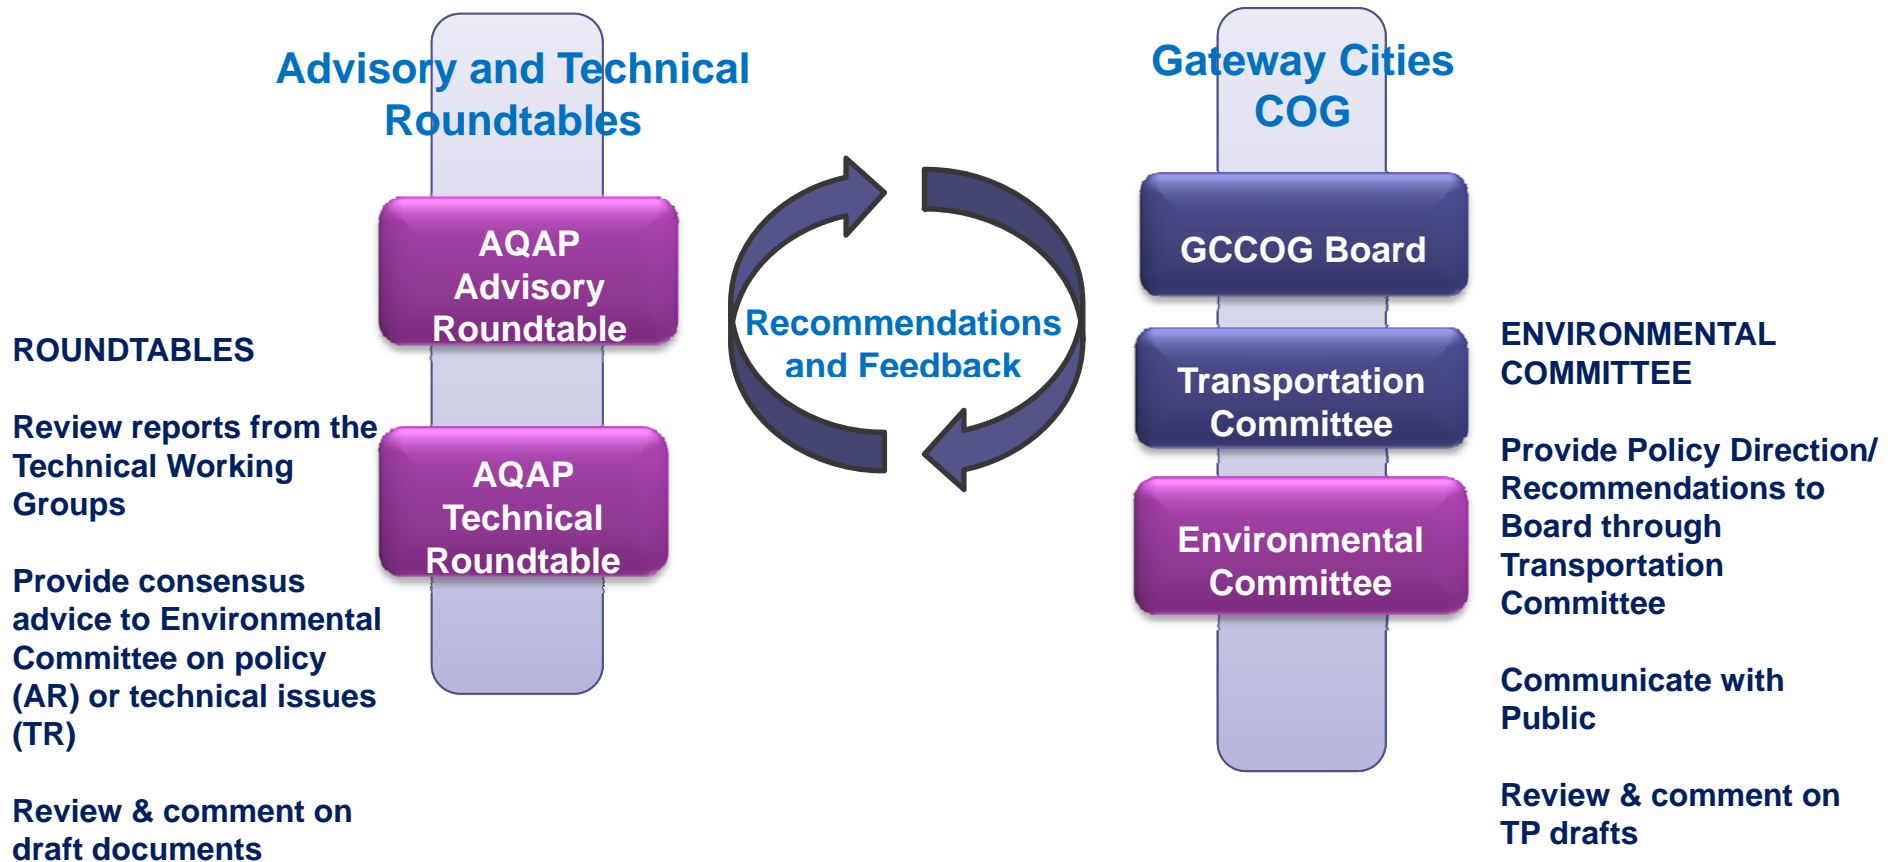

Meetings

- ☐ May 17th, June 21st, July 25th
