Announcing: an important opportunity to participate in shaping the delivery of transportation services in our region.

The Metropolitan Transportation Authority (MTA or Metro) has decentralized its bus operations into five sectors. Each sector has a general manager with responsibility for providing service along certain bus routes. Each sector also has a Sector Governance Council to provide oversight to the Sector’s operations and to make certain route, scheduling and management decisions in connection with this service.

The Gateway Cities Service Sector Governance Council announces a vacancy due to resignation of a Council Member. The Gateway Cities Council of Governments (COG) will be nominating one member to fill the vacancy. The MTA Gateway Cities Service Sector consists of the Gateway Cities COG member cities (except Montebello which is in the San Gabriel Valley Sector) and certain adjacent unincorporated areas. Applications are invited from now through March 17, 2006. Please note that the nominees may not be an elected official. We are seeking a consumer of transit who lives or works in the Gateway Cities area. These could include bus riders, or families, businesses and institutions that depend on or subsidize transit services for family members, students, customers or employees.

Following is the application form to be completed and returned to the COG office no later than 4:00 p.m. March 17, 2006.

In accordance with the Americans Disability Act, this information may be obtained in alternative format by calling (562) 663-6850.
