or call in

Phone: 669.900.6833

Meeting ID: 843 8339 6532

AGENDA REPORTS AND OTHER WRITTEN DOCUMENTS ARE AVAILABLE ON THE GATEWAY CITIES COG WEBSITE AT WWW.GATEWAYCOG.ORG.

PUBLIC COMMENTS: To address the Transportation Committee on any agenda item or a matter within the Transportation Committee's purview, you may provide written comments by 1:00 p.m. of the day of the meeting, via email to info@gatewaycog.org. All written comments timely received will be distributed to the Transportation Committee and will become part of the official record. You may also make oral public comment during the Public Comment period on the agenda.

- I. **CALL TO ORDER**
- II. **ROLL CALL**
- III. **AMENDMENTS TO THE AGENDA** - This is the time and place to change the order of the agenda, delete or add any agenda item(s).
- IV. **PUBLIC COMMENTS** – The Transportation Committee will hear from the public on any item on the agenda or an item that is not on the agenda but within its subject matter jurisdiction. The Transportation Committee cannot discuss or take action on any item not on the agenda. The limit for each speaker is three minutes unless otherwise specified by the Chair. Please use the "Raise Hand" feature on Zoom to indicate that you wish to make a comment. If you are calling in, please dial *9 to use the "Raise Hand" feature.

V. MATTERS FROM STAFF

VI. CONSENT CALENDAR: All items under the Consent Calendar may be enacted by one motion. Any item may be removed from the Consent Calendar and acted upon separately by the Transportation Committee.

- A. Approval of Minutes – Minutes of the Transportation Committee Meeting of February 2, 2022

CONSENT CALENDAR ACTION: A MOTION TO APPROVE THE RECOMMENDATIONS FOR CONSENT CALENDAR ITEMS.

VII. REPORTS

- A. Metro Update, Report by Councilmember Fernando Dutra, Metro Director

SUGGESTED ACTION: A MOTION TO RECEIVE AND FILE REPORT.

- B. West Santa Ana Branch Advocacy Plan Update, Report by Councilmember Fernando Dutra, Metro Director

SUGGESTED ACTION: A MOTION TO RECEIVE AND FILE REPORT.

- C. Metro Subregional Equity Program (SEP) Guidelines Policy Paper, Report by Craig Hoshijima, Metro

SUGGESTED ACTION: A MOTION TO RECEIVE AND FILE REPORT.

- D. Metro Federal and State Legislative/Budget Updates, Report by Raffi Hamparian and Michael Turner, Metro

SUGGESTED ACTION: A MOTION TO RECEIVE AND FILE REPORT.

- E. Metro Technical Advisory Committee Update, Report by Ed Norris, Deputy of Public Works, City of Downey

SUGGESTED ACTION: A MOTION TO RECEIVE AND FILE REPORT.

VIII. MATTERS FROM TRANSPORTATION COMMITTEE MEMBERS

IX. ADJOURNMENT

NOTICE: New items will not be considered after 5:30 P.M. unless the Transportation Committee votes to extend the time limit. Any items on the agenda that are not completed will be forwarded to the next regular Transportation Committee meeting scheduled for Wednesday, April 6, 2022.

IN COMPLIANCE WITH THE AMERICAN WITH DISABILITIES ACT, IF YOU NEED SPECIAL ASSISTANCE TO PARTICIPATE IN THIS MEETING, PLEASE CONTACT THE COG OFFICE AT (562) 663-6850. NOTIFICATION 48 HOURS PRIOR TO THE MEETING WILL ENABLE THE COUNCIL OF GOVERNMENTS TO MAKE REASONABLE ARRANGEMENTS TO ENSURE ACCESSIBILITY TO THIS MEETING.

OTHERS PRESENT: Nancy Pfeffer, Joel Arevalos, Sandra Mora, Marisa Perez, Aileen Qin - GCCOG Staff: Norman Emerson, Emerson & Associates; Mike Kodama, Eco-Rapid; Lynda Bybee, LSA; Wally Shidler; Michael Turner, Raffi Hamparian, Mark Dierking, Steven Lee, Maritza Romero, Metro; Lorry Hempe, City of Lynwood; Andrew Ross, LA County; Nina Turner, Port of Long Beach; Bruno Naulls, Eco-Rapid; Denise Peralta Gailey, Philip Crabbe, AQMD

The meeting was called to order at 4:07, attendance was taken by self-introduction. There were no public comments or amendments to the Agenda.

The Consent Calendar was approved as presented.

Director Dutra gave a summary of the January Metro Board of Directors meeting, noting that the West Santa Ana Branch (WSAB) project would be the subject of a separate report. He first discussed the impact of COVID 19 and the resultant lack of bus operator availability. This has caused Metro to cut bus service and reduce service hours. He requested members call him with any issues with service reductions. Metro staff estimates service could be restored in June.

He went on to report on an update for the Metro Gold Line Eastern Extension Phase 2 and the creation of two Initial Operations Segments (IOS) for constructability and funding. He went over the scheduling for the release of the EIR that details the IOS and the public outreach efforts.

Marisa Perez requested Michael Turner be moved up front to accommodate his evening flight. Mr. Turner discussed the “Golden Opportunity” package for an investment in transit projects given the California state budget surplus. Mr. Turner stated that the budget surplus will not be available until after the May budget revise but this does not mean that Metro and other supporters should not advocate for LA County priorities. Mr. Turner suggested coordinated ongoing advocacy for these projects.

Mr. Turner gave an update on Metro activities to promote the I-710 Clean Truck Program including a series of meetings to encourage the deployment of clean vehicles in the Gateway Cities Subregion. Metro will be meeting with the head of CARB and organizing the efforts of the ports and other local stakeholders. He went on to discuss some procurement bills for the MTA. He talked about the proposal to expand paid leave. He discussed SB 288 that provides an exemption for certain types of transit projects from CEQA, Metro is looking for an author and may be asking Senator Scott Wiener.

Director Dutra brought up the list of project priorities being submitted by CalSTA Secretary David Kim to US DOT Secretary Buttigieg. Mr. Turner stated that the document provides a single point of contact for working with the federal government but doesn't appear to provide any funding. He stated that it was a matter of matching funding opportunities to projects.

Director Dutra asked about helping to support project funding for the WSAB. Mr. Turner outlined that there would be opportunities for letter writing as well as testimony. Mr. Turner indicated that letters had been sent to Assembly Speaker Anthony Rendon and Chair of the Assembly Transportation Committee Cristina Garcia. Maria Davila asked if additional letters need to be sent to the subcommittee; he replied that resending these letters was vital. Marisa Perez mentioned that staff would be drafting a letter for the cities to use. There was a Motion to Receive and File this report.

Mr. Dutra went over the WSAB advocacy plan. Mr. Dutra thanked councilmembers that spoke at the Metro committees and Board Meeting. He went over a summary of the Metro Actions including the designation of a Locally Preferred Alternative (LPA). He noted Supervisor Hahn's support for the entire project to be completed in a timely manner. He reviewed the elements of the Hahn, Solis, Mitchell, Garcetti and Dutra Motion requesting P3 methods be used to accelerate construction of the entire project and not phase implementation. This Motion also addresses the studies for the potential Rio Hondo Station and the completion of the Little Tokyo route.

He moved into the progress on the advocacy plan implementation. He talked about methods for securing more project proponents from the business community. He asked for volunteers for op-ed pieces in the local papers. Ali Saleh and Maria Davila volunteered to lend their offices to this task.

Mr. Dutra next discussed the implications of pursuing the new federal Justice40 policy to highlight the project. He then went on to discuss the necessary execution of the Master Cooperative Agreements (MCAs) by cities, which are critical to coordination of project construction. He mentioned four cities that have approved their MCA and called out those who had not. Councilmember Maria Davila indicated that South Gate would be approving the MCA soon, attributing the delay to the loss of the city manager as well as the Community Development Director. Mr. Dutra indicated that he would speak with all the noncompliant cities and try and assist them in getting the agreements signed. Luke Klipp related that Supervisor Hahn was "blown away by the show of community support for the WSAB. Mr. Klipp also stated that this effort must be sustained in the future. The item was received and filed..

Director Dutra the introduced Phillip Crabbe, Senior Public Affairs Manager for the South Coast AQMD, with a report on the Clean Trucks Program and a legislative update. The Governor's budget includes \$315 million available statewide for ZE drayage trucks and ZE transit vehicles, \$500 million for medium and heavy duty trucks, and \$45 million to replace diesel trucks with near ZE in extreme non-attainment areas like the South Coast area. Each legislative body will create their own proposals and an agreement will be negotiated. The Governor's FY23 transportation proposal will include \$9.1 billion in transportation improvements along with \$6.1 billion over 5 years for ZE vehicles. The total proposed investment is \$10 billion for vehicles and infrastructure including port electrification over six years. The report was received and filed.

The next item was presented by Ed Norris, GCCOG alternate representative on the MTA Technical Advisory Committee (TAC). Mr. Norris deferred to Raffi Hamparian, Metro Director of Federal Legislative activities for the federal report. Mr. Hamparian reviewed the federal process for obtaining a federal FFGA (Full Funding Grant Agreement) for the West Santa Ana Branch project. This proposal to the Feds will be the largest FFGA ever requested by Metro. Mr. Hamparian indicated that this project is well qualified to receive benefit from Justice40 criteria for the federal Capital Investment Grants Program. Director Dutra asked if the Justice40 initiative can be integrated into the application by Metro. Mr.

Hamparian referenced an OMB Circular that defines disadvantaged communities and would be the template for MTA incorporating these definitions into the application. Once the Justice40 guidance is out the MTA must be nimble in meeting these federal goals and defining the project in those terms. Mr. Hamparian indicated there is an online map that helps support meeting the interim guidance criteria. Director Dutra asked if increased funding program level may allow higher FFGAs or more projects to be included. Mr. Hamparian indicated that that is a possible scenario. Some products may exceed the \$100 million per year cap.

Mr. Norris resumed his report on the activities from the Metro TAC. He reported on a vacancy for the pedestrian coordinator position. He announced the I-710 Corridor Community Leadership Committee is seeking citizen members. He gave an update on the Metro Board approval of approximately \$103 million for various regional early action projects for the I-710 and I-605 corridors. An update was given on the California Transportation Commission (CTC) activities and the three projects established by SB-1, including trade corridor enhancements and local partnership programs. Mr. Norris then went over the availability of State Active Transportation Cycle 6 project guidelines and the upcoming schedule for applications. Project cost definitions are being developed for the Cycle 6 Guidelines, including changes after project award. The draft fund estimate has been released and is much larger due to a release of federal funding. The draft fund estimate will be announced by the CTC along with the Guidelines in March. There will be a CTC virtual workshop focusing on Los Angeles County AT activities and issues.

Next, Mr. Norris reported on the Metro Traffic Reduction Study which focuses on reducing traffic through congestion pricing, improving regional mobility, and achieving certain economic goals. The study concentrates on the 101-405 freeways through the Sepulveda Pass and Santa Monica and the I-101 from downtown LA to Santa Monica. Next steps will include the public input component.

Mr. Norris briefly hit on highlights for the WSAB and the project implementation schedule presented to the TAC. This overview including items such as First/Last Mile Planning, advanced utility relocations and construction.

He reported on the North Hollywood/Burbank/Eagle Rock BRT project and the project alternatives that had been considered including issues with the removal of curbside parking. The next step is finalization of the environmental document. The last item on the TAC agenda was the legislative update that was already presented. There were no questions, and the report was received and filed.

The next item was a report by GCCOG Executive Director Nancy Pfeffer on the I-710 corridor process. She gave a brief history of the activities of the I-710 Ad-Hoc Committee, specifically the creation of principles for project implementation. The recommendation was going to the COG Board for approval. She presented the principles as created by the Committee. There were no questions and the report was received and filed.

Transportation Committee Minutes
February 2, 2022

Director Dutra requested matters from Committee Members, seeing none, the meeting was adjourned at 5:11.
